MongoDB

## Education

Bachelor's degree ( Computer Engineering  
Lecture )

Sep 2021 - Jun 2025

SOUPHANOUVONG UNIVERSITY, Luangprabang

- Gained proficiency in front-end web technologies including HTML, CSS, and JavaScript for building responsive user interfaces.
- Learned back-end programming languages and frameworks such as Node.js, Express, and databases like MongoDB and SQL.
- Developed skills in software development methodologies including Agile and version control systems like Git.
- Acquired knowledge in user experience (UX) design and best practices for creating intuitive web applications.
- Studied principles of web application architecture, RESTful API design, and integration of third-party services.
- Completed projects involving full-stack development, demonstrating the ability to design, develop, and deploy web applications independently.
- Studied fundamental concepts of computer science including algorithms, data structures, and computational theory to support software development skills.
- Developed problem-solving and debugging skills through complex coding assignments and collaborative projects.
- Understood database design and management including normalization, indexing, and query optimization.
- Gained experience with containerization technologies like Docker to facilitate application deployment and scalability.

## Employment

restaurant trainee

Sep 2018 - Jul 2019

Peter ( Bluelagoon restaurant ), Luangprabang

- Restaurant staff services order, serve food and drink.
- Assisted in the implementation and testing of a digital table reservation system to improve booking efficiency and customer experience.

Receptionist

Jun 2019 - Aug 2020

Villa bouathong, luang pra bang

- Managed front desk operations including greeting visitors and handling incoming calls to ensure a welcoming and efficient customer experience.

Receptionist

Jul 2022 - Apr 2023

Luangprabang pear, luang pra bang

- Managed front desk operations, greeting visitors and handling incoming calls to ensure a positive customer experience.

Receptionist

Sep 2024 - Present

Sengmanee hotel reverside, Luangprabang

- Managed front desk operations including greeting visitors, handling incoming calls, and directing inquiries to appropriate departments, enhancing customer satisfaction.

Front-End Web Developer ( Part time )

Jan 2023 - May 2023

Midi-tech-company, vientiane capital

- Developed and maintained responsive front-end features using React.js, HTML, CSS, and JavaScript to enhance user engagement.

**Back-End Developer ( Internship job )**

Feb 2024 - Apr 2024

Lao World Company Limited, Vientiane capital

- Collaborated with the development team to design and implement RESTful APIs using Node.js and Express, improving data accessibility for front-end applications.
- Assisted in the integration and management of MongoDB databases, ensuring efficient storage and retrieval of application data.
- Worked with version control systems such as Git to maintain codebase integrity and support collaborative development processes.
- Participated in testing and debugging of back-end services to enhance application reliability and performance during the internship period.
- Developed and maintained server-side logic to optimize performance and scalability of web applications.
- Contributed to the deployment of web applications using containerization tools like Docker to streamline development workflows.
- Implemented secure authentication and authorization mechanisms to protect user data and application integrity.
- Researched and experimented with new back-end technologies and frameworks to recommend improvements for project implementations.
